About Us

Hotel TV Company

We are a leading supplier and system integrator for cutting-edge Hospitality TVs, TV Systems and In-Room Entertainment solutions. Since 2009, we've been helping hotels across the UK and Ireland modernise their in-room technology to enhance guest experience and streamline operations.

- **16+ years** in hospitality technology.
- **100,000+ units** sold, installed or supported.
- Serviced over **15,000 bedrooms.**
- Under **1 hour** average support response time.
- **Nationwide installation** engineers (UK & Ireland).
- Over **9 TV systems** to suit every hotel type.

Key Offerings

Hospitality TVs

We offer robust, reliable hospitality TVs from all the major brands like Samsung, Philips and LG, and value options like Roku.

Expertly installed and maintained to suit any property and budget.

Hotel TV Systems

Fully managed in-room TV systems for hotels.

Easily deliver branded content, integrate billing and promote your services, all from one intuitive dashboard.

Casting Solutions

Let guests cast or mirror content from their devices.

Digital Signage

A wide range of digital signage solutions.

Entertainment

Includes video on demand and premium tv channels.

Distribution

IP, RF and Wifi distributions built to scale.

Hospitality TVs

Commercial-Grade TVs Built for 24/7 Hospitality

Purpose-built for the hospitality industry, our TVs are made for continuous operation, while delivering exceptional picture quality, brand flexibility and guest-friendly features.

Choose from trusted names like Samsung, LG and Philips with options designed for easy setup, secure content control and frictionless integration with your PMS system.

Our Official Brand Partners

We're proud to be official partners and authorised dealers for leading global brands in Hospitality TVs: Samsung, Philips and LG. Our partnerships ensure access to the latest models, cutting edge features and dedicated support.

Innovation Zone

Beyond the screen

At Hotel TV Company, we do more than TVs and TV systems. We are passionate about all hotel technology built to delight guests and improve your efficiency. Here are some of these products that we have available.

Hotel Mobile App

This is an easy to use, fully customised mobile app, that serves as a guest directory and communication tool between the hotel and guests.

- Create a digital guest directory
- PMS integration for personal greetings
- Guest chat with staff via WhatsApp
- Room service and requests
- View room bill and express checkout

In-room Voice Control

Create custom voice content and pre-recorded messages. Update the content remotely, through one cloud portal.

- Set up custom responses to guest questions
- Record personal messages to guests
- Connect to smart room technology
- Guests can find out information about the area

Self-Service Kiosk

Reduce queues on reception and make check-ins quick and easy

- Touch Screen for guest signature
- Built in RFID key card dispenser
- Built in ID scanner and cash recycler
- Built in receipt printer
- Internal PC for PMS setup
- ADA compliant with LED indicators

Hotel Robot Assistants

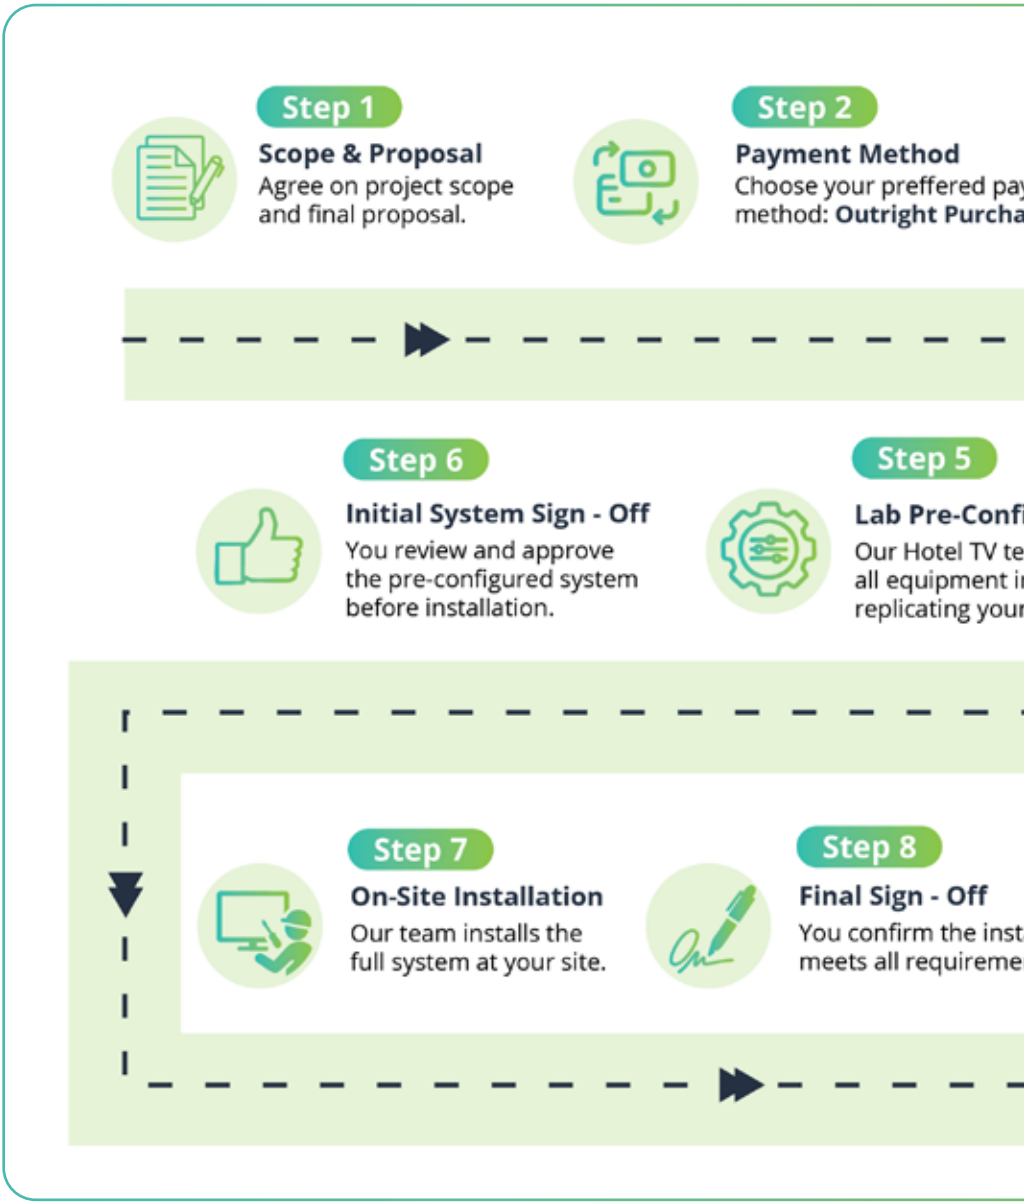

From delivery to cleaning, the hotel robot assistants come with a wide range of sizes and functionalities

- Initiative make-way for pedestrian
- Sensing technology for safe deliveries
- Real time visualised status
- Real-time intelligent monitoring

Our Clients

Over the years, we've supplied and installed thousands of hospitality TVs, streaming systems, and interactive platforms across the UK and Ireland. Our clients range from boutique hotels and care homes to well-known chains, and what they all tend to have in common is that they want guests to have a good experience without making life harder for their staff.

What they say

Cheap and reliable! Our hotel needed a TV system upgrade, but we felt that the current company and other that we went to, didn't feel reassuring when getting to the part of delivering. We currently have a maintenance contract with Hotel TV Company and they regularly check on our systems and make sure that everything is in working order. If you require them to change something like the design, background information or add more functions to your TV, they are very quick to take action.

Marco Canha, Waterfront Southport Hotel

Great Service from the team, always working hard to get everything sorted out for us! Easy to get the TVs updated too!

Josh Chadwick, The Tawny Hotel

We have found Hotel TV Company to be extremely professional, knowledgable friendly and helpful. We are a new hotel and Hotel TV Company installed TVs into our rooms, apartments, reception and lounge with an amazing system. Our guests are greeted by name on our welcome screen, where we can also display their wifi codes (the first thing any guest wants these days!) The TV is easy to use and our guests can not only watch TV but view our pages of information and receive messages from us. It's a great system created and installed quickly.

Sue Cairns, Atlantic House Hotel

My sincere thanks to Hotel TV Company for the support on site, them on site made a massive difference to the project. Your assistance and collaboration with our team are much appreciated.

Diana Jarosik - Dorsett Hotels

What they say

I have worked with Hotel TV Company on six of our sites and was very happy with the service. We received excellent customer service and great products. The installation process was smooth and stress-free. The engineers were polite, professional and did a great job of installing and setting up the systems. Any issues or queries were dealt with quickly and effectively. I would recommend Hotel TV Company and am looking forward to working with them again in the future.

Alex Kelly, Study Inn Group

They delivered a beautiful design for our hospitality TV system, and we were really impressed with how they incorporated the QR code overlay on our Afternoon Tea page. It not only looks elegant but also adds real functionality for our guests. The team really understood our needs and created something that enhances both the look and the experience of our service.

Charlotte Dixon , Elephant Rock

Have used the Hotel TV Company for our hotel televisions and we have been very impressed. The staff are always very helpful and provide a good value for money.

Robert Smith, Best Western Plough Hotel

We have been extremely impressed by the company and service received from Hotel TV Company. They always deliver a great service and bring some of the best screens to our business.

Will Simmonds, Champneys Health Spa
